

we are looking forward to welcome you at our first event
Project Insights Industry 4.0: Realtime performance and market demands
organized by STREMLER AG, provider of supply chain solutions, in close collaboration with Cluster for Logistics Luxembourg.

The Event will take place
on **Thursday, 29th November 2018, 12:00 – 14:30**
at **Chambre de Commerce, 7 rue Alcide de Gasperi - Kirchberg, 2981 Luxembourg**

Competitiveness and dealing with complexity is one of the biggest challenges today. Learn how our customers gain competitive advantage by unleashing the power of supply chain synchronization. We would like to take you on a journey of use cases and project insights.

We are very honoured that our client **WashTec Cleaning Technology GmbH** – market leader for complete vehicle carwash plant construction – winner of “Factory of the year 2017 – Excellence in location development” will share their project experience with you. Learn how WashTec builds up an efficient and dynamic real-time planning and control system for supply chains – interlinking all participants powered by a new generation of simulation based technology.

Please have a brief look at our agenda:

- 12:00 Registration and welcome coffee
- 12:10 Welcome by Alphonse Stremler, Founder and CEO of STREMLER AG
- 12:20 Project Insight – How synchronization, simulation, digital twin and real-time technology are changing workflows and visualising untapped potential by Eckhard Gatavis, Head of Global Operations, and Jörg Mielke, Plant Manager Augsburg and Managing Director Czech Republic, WashTec Cleaning Technology GmbH
- 13:10 Proof-of-Concept in Logistics (Knauf AG), Automotive (Voith Turbo), Fashion Industry (DIGEL AG) by Dr. Thomas Knoll, Alphonse Stremler and Stephanie Stremler, STREMLER AG
- 13:40 Summary and debrief by Volker Hochgürtel, ABACUS and Partner of STREMLER AG
- 13:50 Lunch and discussion
- 14:30 Closing

We are pleased to welcome you in Luxembourg. Volker Hochgürtel will be your contact for the day of the event, so please do not hesitate to contact him on +352.621.212661 or vh@abac.lu if you have any further questions. Please register with the following link www.c4l.lu/Stremler.

STREMLER AG optimises performance and agility of supply chains. On the basis of a “beyond lean philosophy” we improve productivity significantly by streamlining processes, accelerating reactivity and reducing costs. High service level in relation to market demands, flow in production and working capital reduction releases funds for innovation and growth of our customers. Our experts support the transformation until the new processes and systems are part of a company’s daily life.

ABACUS Consulting & Solutions S.A. – the local partner of Stremler AG - assists enterprises to maximise their productivity and reactivity by aligning IT systems, data and processes. Founded as spinoff from CRP Lippmann, we have gathered 25 years of experience in interfacing between business and IT while implementing strategic IT solutions.
